EXPERIENCE

Associate Software Engineer

Ericsson

📅 Jan 2023 – July 2023 📍 Noida, India

- Collaborated with cross-functional teams to develop and maintain automated testing frameworks using Java, ensuring efficient and reliable software testing.
- Applied strong analytical thinking and problem-solving skills to identify, analyze, and resolve automation issues, significantly reducing testing time and improving software quality.
- Played a pivotal role in optimizing code for test scripts, resulting in a 20 percent reduction in test execution time and enhancing overall team productivity.

Associate Software Engineer

India Advocacy

📅 Nov 2022 - Jan 2023 📍 Chennai

- Successfully implemented changes to the company website, enhancing its functionality and user experience
- Developed automation scripts using Java to streamline repetitive tasks, resulting in improved efficiency and time
- Successfully implemented automated test suites, resulting in a 30 percent reduction in manual testing efforts and a 25 percent increase in test coverage.

Frontend Developer

QuadMonk Solution

📅 July 2022- Oct 2022 📍 Chennai

- Responsible for the accessibility and performance optimizations of web-sites across devices
- Utilized Agile methodologies to adapt to changing project requirements, delivering high-quality software on schedule.
- Worked closely with senior engineers to design and execute test cases, improving test coverage and minimizing software defects.

PERSONAL PROJECTS

File Sharing

ShareLink is a feature-rich file sharing application built on the MERN stack, offering a convenient way for users to securely share files with others by generating unique download links. Its user-friendly interface, advanced features, and focus on security make it an essential tool for efficient file sharing in today's digital world

Ecommerce-dashboard

Deployed an eCommerce dashboard utilizing MERN stack technology, enabling efficient product management, updates. It resulted in a 30 percent reduction in product update time, enabling quicker response to market trends and customer demands

CERTIFICATES

Full Stack Web Development Course -
UDEMY

Python Programming - UDEMY

ACHIEVEMENTS

College Topper

Achieved the highest percentage in diploma. - Demonstrated strong analytical and problem-solving skills through consistently outstanding academic performance.

NICE CODE CRACKER'22

ranked 120 among 50000 registered candidates
